PROCESS FOR
PHARMACEUTICAL,
COSMETICS AND
FOOD INDUSTRIES

COMPANY PROFILE

General activities

With a great deal of experience and a top quality brand image, 3C FRANCE is positioned on the European market as a leader in design, manufacturing, commissioning and customer assistance for equipments essentially dedicated to the pharmaceutical, cosmetics and food industries.

3C FRANCE has established itself as a **Process OEM "servicing beauty and health"**.

Thanks to its close work with the leaders in the pharmaceutical and Biotechnology sectors (particularly in vaccines), 3C FRANCE plays a leading role in these fields on the European market.

Applications

• Process platforms, complete units for :

- Drinkable liquids solutions (syrups...)
- Pastes (suppositories, creams...)
- Injectable solutions
- Perfumes, fragrances

• Biotech process units :

- Fermentation
- Cell culture

Innovative and expanding company, 3C FRANCE obtained OSEO EXCELLENCE label, only awarded to 2000 selected companies which have in common the talent and the wish to grow.
